

**The Garden State Chapter
of the
Association of Old Crows
Lunch and Learn Series
*Presents:***

IPv6

**Tuesday 15 April 2008
Room 107, Building 600
1145-1245**

Presented by

**Paul Moster
Chief Scientist
Datatek Applications**

Datatek Applications presents an overview of the coming transition from IPv4 to IPv6. The briefing will describe the challenges facing hardware and software applications in moving to IPv6 and the work Datatek has been doing with Army CERDEC in developing an IPv4 to IPv6 Transformer.

**Complementary lunch and drinks provided
RSVP NLT 11 April to Toni Quiroz at (732) 427-3243
Toni.Quiroz@us.army.mil**

The House Rules

- This is an unclassified meeting. Please keep all questions and answers unclassified.
- Everyone who is not fully cleared for Building 600 needs to be escorted outside of the conference room and the hallway to the restrooms.
- Restrooms are out the main door, take 2 lefts and they are on the right side of the hallway.
- No cell phones or electronic devices are permitted in the building.
- Enjoy the lunch and learn.

The Association of Old Crows

- The AOC is a non-profit international professional association promoting public understanding in the science and practice of Electronic Warfare (EW), Information Operations (IO), and related disciplines.
- The Garden State Chapter promotes these ideas through local events, such as the Lunch and Learn series, luncheons and the annual symposium in Atlantic City
- For more information, our websites are: <http://www.crows.org>
